

PANAMA

TALENTI

Available in a range of finishes

The Panama collection is characterised by its ample, intertwined forms that create shadows, inspired by palms swaying in the ocean breeze. In particular, the organic profile of the chaise lounge brings to mind the surface of wave-washed stones, adding strong natural lines to the collection. This family of products includes chairs, loungers, sunbeds, poufs, and sofas made with rope woven around the frames in a way that creates a play of light and shadow as the sunlight moves through them.
