

PRODUCT INFORMATION SHEET

Name BONBORI SMALL

Type table lamp, floor lamp

ID PC1164

Description The new Bonbori collection, which was created by world-renowned Japanese designer Fumie Shibata, is available in both indoor and outdoor variants. The light is inspired by the traditional paper lamps that line the paths to shrines and temples during the annual paddy harvest festivals in Japan. In Japanese, the word bonbori not only denotes this traditional form of lighting, it also describes the soft light coming from within a snowy cave. The gentle light of Bonbori pays tribute to a traditional Japanese lantern. Its skilfully crafted handblown glass and soft luminescence create a magical and festive ambience to be enjoyed as thoroughly in solitude as with family and friends. The new indoor light features special connectors developed by Brokis that make it easy to unplug and move outside to a covered exterior space, for instance.

Technical description The new light uses a simple stainless-steel base finished in an environmentally friendly powder coating. The easily removable LED light source casts a gentle glow through a diffuser and laser-cut openings in the stainless steel. The likeness to the traditional bonbori lamp is achieved with an elegant handblown glass shade, an extraordinary piece crafted from multiple layers of carefully moulded glass. The collection uses connectors specially developed by Brokis with an internal insulator made of polyether ether ketone (PEEK), a thermoplastic with a melting point of approximately 300°C. The connectors have excellent mechanical properties (similar to those of aluminium) and insulating properties (similar to those of ceramics). The shade comes in opal and opaline glass, while the metal base is available in black matte, copper metallic matte, or grey metallic matte.

Glass Colour

| | | |
|---------------------------------|---|--------|
| smoke grey - transparent glass | A | CGC516 |
| smoke brown - transparent glass | A | CGC538 |

PRODUCT INFORMATION SHEET

BROKIS

Name BONBORI OUTDOOR SMALL

Type floor lamp, outdoor lamp

ID PC1166

Description The very first outdoor lighting collection in the Brokis portfolio, Bonbori was created by world-renowned Japanese designer Fumie Shibata, who took inspiration from the traditional paper lamps that line the paths to shrines and temples during the annual paddy harvest festivals in Japan. In Japanese, the word bonbori not only denotes this traditional form of lighting, it also describes the soft light coming from within a snowy cave. Whether in the garden, on the terrace, or in other outdoor settings, the soft, gentle light of Bonbori pays tribute to a Japanese tradition by creating a unique and festive ambience to be enjoyed as thoroughly in solitude as with family and friends.

Technical description Manufactured in compliance with the IP44 rating for outdoor use, the new light makes use of a simple stainless-steel base finished in an environmentally friendly weather-resistant powder coating. The easily removable LED light source, which can withstand below-freezing temperatures, casts a gentle glow through a diffuser and laser-cut openings in the stainless steel. The likeness to the traditional bonbori lamp is achieved with an elegant handblown glass shade, an extraordinary piece crafted from multiple layers of carefully moulded glass. The light comes with either opal or opaline glass, while the metal base is available in black matte, copper metallic matte, or grey metallic matte. The light is engineered for connection via underground wiring.
