BROKIS

**Name** NIGHT BIRDS PENDENT EXTERIOR

**Type** pendent lamp, outdoor lamp

**ID** PC1111

**Description** The Night Birds collection by Boris Klimek is now available in a new version suitable for exterior use. Night Birds Exterior are identical to the original indoor collection, which was inspired by the freedom and abandon of bird flight. In order to withstand the whims of the weather, the lights have been modified to comply with the IP54 rating for exterior use, namely by enlarging and weatherproofing the positionable hand-polished dural body, which conceals a sophisticated balancing mechanism and the subtle LED light source. The bigger, more robust metal body also allows for a greater selection of light sources. Like the original Night Birds collection, Night Birds Exterior offers three different lights, each with a different wing position, which come in either white or dark (nearly black) variants. From now on, Night Birds are as home in the elements or the dark of night as they are in the comfort of the indoors.

**Technical description** The technologies applied in the Night Birds collection are based on the principles of recycling, sustainability, and environmentally friendly manufacturing. The base material used in the lights is the waste glass generated in the production of other Brokis collections. This recycled glass material is subjected to several stages of processing using older glassmaking techniques (hand grinding, sandblasting) as well as newer ones (melt moulding, waterjet cutting, mould shaping), giving rise to a skilful blend of tradition and modernity. Each light is an unrepeatable original with its own story.

## **Glass Colour**

opal - opaque glass - massif	A	CGC772
smoke grey - massif	A	CGC882
smoke grey BROKISGLASS matte	A	CGC1480
triplex opal BROKISGLASS matte	A	CGC1478

## **Body finish**

silver anodized	A	CCS1917
black anodized	A	CCS1948

## **Canopy finish**

brushed stainless steel	A	CCSC974
-------------------------	---	---------

## **Cable colour**

silicone cable - black	A	CECL2758
silicone cable - white	A	CECL2757

## **Recommended Bulbs**

230V, LED, GU10, 6,5W, 2700K, DIM	A	CEB2761
-----------------------------------	---	---------
