

PRODUCT INFORMATION SHEET

Name SFERA 150

Type pendent lamp

ID PC1168

Description

A sphere as a universal shape, yet whose upper section has been dramatically severed. The clean cut comprises the main characteristic of the project light Sfera – a timeless piece that casts a soft light from within handblown matte opal glass. The sphere, affixed to a metal top with a subtle multiangular detail, comes in seven sizes for multiple combinations, thanks to which the collection can be easily configured to meet the specific needs of any architectural or residential project. The Sfera collection features innovative connectors specially developed by Brokis, which allow for easy installation, maintenance, and cleaning. They also make it possible rearrange an installation without having to access building wiring, opening the door to a wide range of possibilities.

Technical description

Glass Colour

triplex opal	A	CGC39
--------------	---	-------

Glass surface

acid-etched both side surface	A	CGSU881
-------------------------------	---	---------

Body finish

metal - black matte powder coating	A	CCS846
metal - white matte powder coating	A	CCS845

Canopy finish

metal - black matte powder coating	A	CCSC619
metal - white matte powder coating	A	CCSC618

Connection method

BROKIS connector	A	CCM1019
------------------	---	---------

Cable colour

textile cable - black	A	CECL519
textile cable - white	A	CECL521

PRODUCT INFORMATION SHEET

Name	SFERA 250
Type	pendent lamp
ID	PC1169
