CRASSEVIG

DESIGNER: ENRICO FRANZOLINI

CRASSEVIG

Crassevig's unmistakable curve is a peculiar trait of the entire Asia family: stacking chairs, armchairs and stools. A continuous shell, supported on four steel legs, constitutes the seat and back of the chair, available in wood or fully upholstered. The existence of different versions, with steel or solid wood armrests, and the numerous accessories available, make Asia the perfect answer to every need. Honourable Mention in the Compasso d'Oro award, 1998.
