CRASSEVIG

DESIGNER: ENRICO FRANZOLINI

CRASSEVIG

A project that has evolved over time, incorporating different types of seating for every need. The Axel family consists of a chair, small armchair and lounge chair, with a comfortable sofa and a stool. The wide choice of bases includes a selection of the best Crassevig materials, including wooden legs, metal slides, spokes and wheels. The curved plywood shell meets a seat with elastic straps and differentiated density foam padding.
