CRASSEVIG

DESIGNER: RAMOS & BASSOLS

CRASSEVIG

As thin as a sheet, with the elegance of an essential comfort. The uniqueness of Finna chair is clear at first glance, thanks to its light profile and minimal Nordic inspiration. The designers' ultimate challenge was to obtain the comfort of an armchair by working with an extremely thin surface of recycled plastic, designing as with a sheet of paper. The fold-free shell has a gently curving perimeter, without any angles, ensuring innate ergonomics and a feeling of lightness.
