

# LENE COLLECTION

## CRASSEVIG

DESIGNER: THIS WEBER

## CRASSEVIG

Lene was designed as an armchair for contract spaces, and stands out due to its extreme comfort, a quality shared by all Crassevig products. The seat and the back are made of curved and upholstered plywood, which joins onto the chair's supporting structure, made of solid beech or oak. The materials are combined with technical precision to guarantee maximum stability. The expansive shapes, inspired by circles, lightly embrace the body, providing pleasant, firm and flexible support.
