

PAPILO SOFA

DITRE ITALIA

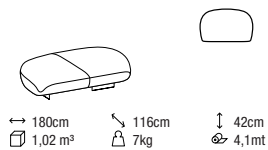

Available in a range of configurations & finishes

Endless combinations let you decide on the look of your sofa but also how to change it. Informal and creative, Papilo isn't just a sofa: more precisely, it's a free-standing upholstered seating system. Everything revolves around a mobile cushion with an adjustable shape, sitting on a contrasting, streamlined, geometric base. The backrests are also mobile and adjust to your body when you use them, ensuring unique, wraparound comfort. No other sofa will ever be such a perfect fit.
