FRIGERIO

DESIGNER: R&D FRIGERIO

Tailoring spirit and balanced proportions for the sofa Burton. A proposal with a strong presence which stands out in every environment thanks to the sophisticated hallmark given by the mix of materials: the structure in solid wood, light in its design emphasized by the slanted cut of the legs and the "housse" in two materials in which is covered. Theousse is enhanced by refined embroidery with the upper part in leather and the bottom one in fabric. The fixed seat in non-deformable polyurethane is covered in fabric or leather. The back support is made more comfortable by the use of goose down cushions.
