DESIGNER: FERRUCCIO LAVIANI

Frigerio

Ferruccio Laviani consolidates his collaboration with Frigerio by enlarging the View modern modular sofa collection with new modular elements and brand-new accessories for the living area.

A perfect synthesis of the designer's creative flair and the company's decades of know-how in the upholstered furniture sector, View is modular sofa made of different elements that can be combined with ease: the sofa version with platform base, in wood and either glossy lacquered or upholstered on floor, they dialogue with each other and with a large number of elements, some with a classic taste, others with a more original design.
